

Union County Hay/Straw Directory

To simplify and accommodate the need, Union County Extension Office is working to establish a directory of farmers selling hay. It is important for farmers selling hay to be in the directory if they want the Extension office to refer buyers to them. We encourage everyone selling hay to be on this list, even if you have a strong clientele already.

(Please note the entire directory will be shared with anyone that calls the office and not making individual recommendations to anyone.)

The Hay/Straw Directory serves Union and surrounding counties.
